

### MEDICAL & FIRST AID POLICY

It is the policy of AGS to ensure that the medical health, fitness and well being of its field employees is not compromised due to reasons related to their employment on field operations. To this end, AGS crew undertakes to:

- Ensure that the proper personnel are assigned to the job by pre-employment medical screening, where legislation allows.
- Provide medical facilities on crew according a health plan to prevent and treat work related ailments and injuries as a transit to a full facility.
- Provide employee first aid training to key personnel to ensure each work unit has a minimum of one individual competent and trained in first aid to respond to emergencies in the field.
- Develop suitable contingency plans for the handling of medical emergencies;
- Ensure that all personnel are trained in their own jobs and applying ergonomics to their work area.
- Ensure widespread dissemination of health and hygiene information.
- Good health is an essential component of a safe, effective and productive workforce.
